

# Double Take, Hot Problems

Look at me and tell me the truth,  
what do you do  
when people don't know  
what we go through

They see my blond hair,  
blue eyes and class  
but they don't know I have a really big  
heart. (Please)

Don't get me wrong  
I know that I'm hot,  
but textbook perfection really takes a lot  
Wierd guys call my phone  
and girls call me Maines  
but like Miley said,  
"I can't be tamed..."

Hot girls we have problems too  
We're just like you,  
except we're hot (hot hot hot)  
The world needs to open their eyes,  
and realize,  
we're not perfect and sometimes we (lie)

I got the look,  
I got the butt,  
but those things don't make me a (sh!)  
Boys call me stuck-up, girls say I'm conceited,  
but on behalf of all hot girls,  
those comments aren't needed

Just cause I'm pretty,  
I have to be dumb  
I don't care about wits,  
I just want to have fun

People start rumors and say things about me  
funny thing is, I didn't go to the party

Why oh why, can't you see  
you all are, just like me  
We make mistakes and get in trouble  
now you know our hot girls trouble

Hot girls we have problems too  
We're just like you,  
except we're hot (hot hot hot)  
The world needs to open their eyes,  
and realize,  
we're not perfect and sometimes we (lie)  
/2x

(Just kidding!)  
(... We're perfect.)
