

# Double You, Part Time Lover

Do you believe in me

I said I love you but you don't care  
I see your face and its everywhere  
My soul is drowning in the sea of flame  
Memories shout to release the pain  
Love is dead and there's no escape  
Nowhere to run nowhere to hide  
Now I'm standing here in the dark  
And silence is my friend

You belong to me I belong to you  
Better leave before you leave me  
Standing rapping in the rain

You belong to me I belong to you  
Better leave before you leave me

Standing rapping in the rain

Part-time lover I won't let you go  
Part-time lover I don't know what to do  
Part-time lover I'm down on my knees  
Part-time lover do you believe in me

Remember the times when we talked about this  
Remember the times when you used to kiss  
We tried and we missed your showing me the door  
I tell you I won't die and maybe I won't cry  
I'd better be gone before I break the door  
Anyway I'll move and I'll stand tall  
I better be careful I don't wanna hurry  
We gotta forget it let's do it again
