

DoubleDrive, Imprint

One step I make an imprint
Two steps it's a commitment
Three steps I'm not done yet
Draw my other leg up and the pace is set
And the pace is set

Gotta believe in what's real
You gotta go with what you know
You can leave here with a good feeling
You let them know you told them so
Jesus Christ
And heaven's always been there

Gotta believe in what's real
You gotta go with what you know
One step I make an imprint
Two steps it's a commitment
Three steps I'm not done yet
Draw my other leg up and the pace is set

Gotta tell you what I feel
Although your tank is running low
Over the split line for real
Pat the hood, you're good to go
Hear you now
You're cut from the cords of the wicked

Gotta believe in what's real
You gotta move on down the road
One step I make an imprint
Two steps it's a commitment
Three steps I'm not done yet
Draw my other leg up and the pace is set

One step I make an imprint
Two steps it's a commitment
Three steps I'm not done yet
Draw my other leg up and the pace is set

One step I make an imprint
Two steps it's a commitment
Three steps I'm not done yet
Draw my other leg up and the pace is set

One step I make an imprint
Two steps it's a commitment
Three steps I'm not done yet
Draw my other leg up and the pace is set
