

Doug Bragg, Pretty Little Thing

When she leaves
She's just asking
To be followed
When she walks out
All she wants is
To be lead
All my boys say
She's just asking for it

And I aint sayin' nothing

She couldn't care less
(Oh oh)
Wearing that dress

Pretty little thing
(Oh no)
Hot little thing
Hot little thing who knows it
Don't suppose it would be cool if we hung out?

'Cos when u walk by
You know every guy noticed
The way that ur dress
Clings on for the ride
(Mm mm)

All my boys say
She's the type to fake it

And I aint sayin' nothing

She couldn't care less
(Oh oh)
Wearing that dress

Pretty little thing
(Oh no)
Hot little thing
Hot little thing who knows it
Don't suppose it would be cool if we hung out?

We could go out
We could go anywhere that you want
We could stay in
We could do anything that you want
We could do lunch in Soho
Or something

'Cos when you walked in all I want is the reason
To talk to the girl
Whose grace is so rare

All my boys say
You wont get her numbers
And I aint sayin' nothing

Pretty little thing
(Oh no)
Hot little thing
Hot little thing who knows it
Dont suppose it would be cool if we hung out?
