

# Doug Supernaw, Nothing Sure Looked Good On

Writer: Jim Rushing

You found your greener pastures  
In a mansion on the Hill  
With a flashy foreign car to drive  
And lots of time to kill  
Now my mind keeps on remembering  
The days of me and you  
But when we were down to nothing  
Nothin' sure looked good on you

When you honeymooned in Paris  
It was carried on the news  
And I heard you laughed your cares away  
On a Caribbean cruise  
You were always one for dreamin'  
Now your dreams can all come true  
But when we were down to nothin'  
Nothin' sure looked good on you

You said you needed simple things  
That I had plenty of  
And through the days of dark and rain  
We could always live all on love  
With his style in life he lured you  
And you could not refuse  
But when we were down to nothin'  
Nothin' sure looked so good on you
