

Dounia, THEY UPSET

Grounded, peaceful calm,
Powerful I get everything I want
Courageous I'm everything you not
I'm everything you not

I lead with grace,
Im too angelic to fuck with lames
No small talk here how bout would domination
I've made mistakes
I'm not ashamed

How u not in the field but u feel a way
Bulletproof I just they let their words wash away
Judge me that's fine I'm set
Probably why they so upset

Big goals I made a decision
I'm committed
Santa Monica I'm chillen reppin with a Yankees fitted
U don't get it I'm different that's fine
Been knew I'm ahead of my time

How u not in the field but u feel a way
Bulletproof I just they let their words wash away
Judge me that's fine I'm set
Probably why they so upset

Im not of this world
Try to fit in feel absurd
Its a Flygrl curse I don't think there's a cure
I think I had a breakdown I swear it was a blur
No one to look up to when you doing it first

How u not in the field but u feel a way
Bulletproof I just they let their words wash away
Judge me that's fine I'm set
Probably why they so upset
