

Dover, Astroman

I'll never be so strong
I'll fake it
The more I got the more I lost
it hit me
I want to like L.A.
And I want L.A. to like me
But i've been digging holes for days

I'm never coming back
I'll fake it
The more I felt the more I cried
It hit me
I want to like L.A.
And I want L.A. to like me
But i've been digging holes for days

Evil astroman will take the earth
Now you better go to sleep
For your sake 2x

I'll never be so strong
I'll fake it
The more I got the more I lost
it hit me
I want to like L.A.
And I want L.A. to like me
But i've been digging holes for days

Evil astroman will take the earth
Now you better go to sleep
For your sake 2x

Evil astroman will take the earth
Now you better go to sleep
For your sake 2x
