

# Dover Drive, Dodgeball

## VERSE 1

You never call me back  
What's up with that  
I gave you all my heart  
But you threw it back at me

## CHORUS

No more heartbreak  
For me today  
By now you realize  
What you've thrown away

## VERSE 2

You say you want some time  
Well that's a classic line  
You want some time apart  
Take a trip to my broken heart
