

Dover, Leave Me Alone

Just leave me alone
I don't want to stay
But don't call the cops
It's the easiest way
(Just leave me alone)
Already know
what you're gonna say
Oh, let me go!
I don't want to

Said all you wanted
Now I get my turn
and I forgot to tell you
what I really thought

This is the end
They already know
I think I ran out of words

Leave me alone
I don't want to stay
Don't call the cops
It's the easiest way
(Just leave me alone)
Already know
what you're gonna say
Oh, let me go!
I don't want to

Got all you wanted
Now it's not my fault
and I forgot to tell you
what I really thought

This is the end
They already know
I think I ran out of words

Leave me alone
I don't want to stay
Don't call the cops
It's the easiest way
(Just leave me alone)
Already know
what you're gonna say
Oh, let me go!
I don't want to
