

Dover, Me And My Mul

you're so stupid
and your ego is so big
hey ! i just don't need you anymore
i've been watching you for so long baby !
that i can't help hating your face

i just wanted you to be the one
but i can't help hating you ! i can't !
i hate you

every season that i wake up late
i have this bad sensation that i'm dead
if you help me one more time
i swear that i will pay you back
this time i will

i just wanted you to be the one
but i can't help hating you ! i can't i hate you !

so, are you sure you want to feel
the power of my knee ?
yes ! so bad !
so please !
