

# Dover, Salvation

And I didnt know where I was standing  
And I didnt know what I was taking  
A hundred years holding to this hopes of mine  
And the wind will blow if not Ill make him  
Oh! I swear to God  
I swear Ill make him  
A million years holding to this hopes of mine  
I know I dont have to do this  
I promise Ill be waiting  
Leave it all behind  
Hey you! Dont you leave me hanging  
I need someone to help me  
Leave it all behind  
And the world wont stop and I cant bare it  
Oh! you have to admit its suffocating  
A hundred years holding to this hopes of mine  
And the sun will shine and I will hate it  
But I also loathe it when its raining  
A million years holding to this hopes of mine  
I know I dont have to do this  
I promise Ill be waiting  
Leave it all behind  
Hey you! Dont you leave me hanging  
I need someone to help me  
Leave it all behind  
I know I dont have to do this  
Promise youll be waiting  
Hold my hand and tell me  
I dont have to do this  
I know this world is breaking  
Cant you see Im acting  
Hold my hand and tell me  
I dont have to do this  
Promise you will help me  
Leave it all behind
