

# Dover, Silver Ray

Why don't you talk?  
I can't hear a word  
it's like you said  
if you eat before eight  
Silver Ray

Show me the place  
it's not too late  
just like you said  
if you eat before eight  
Silver Ray

Now I want you back  
tell the clouds that you don't need them  
we were four and now we're twelve  
tell the clouds that you don't need them

I can't wait to know  
how much weight you lost  
give me your things  
I will deliver'em
