STAMBER

Wait for me
I'll be there
I'll be there

Are you gonna close your eyes before I come?
Are you gonna cry for me before I die?
Tell me if I'll lose my voice
Tell me if I'll be gone
Tell me what should I've done

Are you gonna close your eyes before I come?
Are you gonna cry for me before I die?
Tell me if I'll lose my voice
Tell me if I'll be gone
Tell me what should I've done

but please don't go
don't you go
I don't wanna say hello

Are you gonna close your eyes before I come?
Are you gonna cry for me before I die?
Tell me if I'll lose my voice
Tell me if I'll be gone
Tell me what should I've done

but please don't go
don't you go

I don't wanna say hello
