

Dover, You & Me

Save the drama for your mama
I'm standing here on my pyjamas
The synagog
Now it is out time
It's our time to get all sticky
I know it sounds a little creepy
The synagog
Now it is our time
Feel me up. It won't be tricky
Falls apart when you get picky
No! Let's give it a try
The same old song
Just you and me
Your heart and soul
It's all I need
Na..Na..Na..Na..Na..
