

# Down Below, From The Highest Point

I live  
I die  
Yes, I will die  
like you  
I rise  
And I fall  
Yes, I will fall  
like you  
I love  
And I hate  
Yes, I will hate  
Like you  
Like... you  
Yes Everything, everything like you

That's the feeling  
Back down on my feet  
From the highest point  
I'm down, down on my knees  
That's the feeling  
I'm lost on my feet  
And from the highest point  
I'm falling down on my knees

I'm right  
I'm wrong  
I will be wrong  
Like you  
I promise  
I lie  
I will tell you lies  
Like you  
I create  
And I destroy  
I will destroy  
like you  
Like... you  
Yes everything, everything like you

I'm falling  
I'm falling down  
From the highest point on my knees

I'm falling  
I'm falling down  
That's the feeling

Like you!
