

# Down Below, On My Way

I am on my way  
I am on my way

You turned your face into the darkness  
Believe me  
There's no light you'll see  
Won't you turn your face to me  
Oh, you know I know you well  
All your heavens and your hells  
Every secret you could tell to me

From the oceans  
To the Desert  
Take your wings  
We'll fly together

I am on my way  
Take your wings  
we'll fly together  
I am on my way  
Take your wings and fly

I can hear you crying, my dear  
Every day & every night  
You know I'm the one for you  
... for me  
Oh your soul, It turns and twists  
Lost inside my labyrinth  
Take my hand, I'll lead you in  
to me

From the oceans  
To the Desert  
Take your wings  
We'll fly together

Fly...  
You're falling...  
You're calling...  
You and I fly into the night...  
You and I fly into the night...  
Fly...

Fly...
