

# Down By Law, Minusame

She hangs out with the coolest people  
They all know her name  
Always has to be the best  
At the popularity game

Well I know the things she does  
She doesn't mean to do  
'cuz though some one gets their feelings hurt  
She doesn't have a clue  
She used to keep me in her picture  
Just for being me  
Now I'm hiding in this frame  
Of who she used to be

She hangs out with the careless people  
The ones that gives her fame  
But the friends that she has long ago  
Have all watched her drifted away
