

Down By Law, No Has Beens

sitting in my room
come to take me away
me worry?
What problems?
I've seen them come
and i've seen them go
and I feel happy when I don't know
i'm so glad
i'm seeing you
and I know that you will see it thru
cause you love your music
and I do too
20 years
and you're not the same
they've all lost their faith
but I believe in change and maybe it's silly,
but here's a "thank-you" song from me to you
and i'll keep listening as long as you stay true
so here's a thank you song to you
