

# Down By Law, Nothing Good On The Radio

back street boys  
boys to men  
I never want to hear that crap again  
there's nothing good on the radio  
nothing!  
matchbox 20 - once was plenty  
alternajunk  
giving me a headache  
there's nothing good on the radio  
nothing!  
no bands that rock get played today  
mr. radio programmer  
playing it safe  
you spin you're dial looking for the clash  
and all you hear is worthless trash  
there's nothing good on the radio  
nothing!  
puff daddy sucks, that's for sure  
almost as bad as tupoc shakur  
from jewel to mariah carey  
it's all so horrible  
all so scary  
everything on the dial sounds so lame  
everything on the dial sounds the same!
