

# Down By Law, Punky Brewster

I see you looking for a miracle  
I see you wishin on a star  
You take away your pain  
You try to self (?)  
Looking for something you can never find, never find, never find  
Searching...  
Well, if you have to ask  
Then you're never gonna know  
I see you looking for a miracle again  
I see you wishin upon another fallen star  
You waste too many of your days  
Your life will never change  
Looking for something that you're chasing away  
Searching...  
Well, if you have to ask  
Then you're never going to know  
It's time (repeat 3 times)
