

# Downhere, All The Reasons Why

Well we're thrown out on a stage  
To find our paths to yesterday  
When the world was so much smaller  
And we were free, free to be

Well we all moved to the big town  
And we all put on the big sound  
Truly what would we sing for  
If it wasn't for Your Grace

## CHORUS

And we sing 'cause You are bigger  
Than any reference we could make  
And we dance until we're tired  
'Cause we know Your name is great

On our journey give us Grace  
As we follow lines Your hand will trace  
You have called us to a crown  
But for a time, to taste the ground  
Give us edge by ones You love  
Shrewd as snakes and harmless as doves  
Songs will always find their endings  
But Your story never dies, that's why?

And we sing 'cause You are bigger  
Than any reference we could make  
And we dance until we're tired  
'Cause we know Your name is great

And we sing 'cause You are bigger  
Than any reference we could make  
And we dance until we're tired  
'Cause we know Your name is great
