

Downhere, All The Reasons Why

Well we're thrown out on a stage
To find our paths to yesterday
When the world was so much smaller
And we were free, free to be

Well we all moved to the big town
And we all put on the big sound
Truly what would we sing for
If it wasn't for Your Grace

CHORUS

And we sing 'cause You are bigger
Than any reference we could make
And we dance until we're tired
'Cause we know Your name is great

On our journey give us Grace
As we follow lines Your hand will trace
You have called us to a crown
But for a time, to taste the ground
Give us edge by ones You love
Shrewd as snakes and harmless as doves
Songs will always find their endings
But Your story never dies, that's why?

And we sing 'cause You are bigger
Than any reference we could make
And we dance until we're tired
'Cause we know Your name is great

And we sing 'cause You are bigger
Than any reference we could make
And we dance until we're tired
'Cause we know Your name is great
