

Downset, Breed The Killer

Brown and black blood to the concrete, exposed to the systematic terrors and atrocities. Generations of blood-soaked families, economic prison and self-hate is my birth-right, see? Fratricide, homicide, suicide, genocide, they wanna kill the niggas and wetbacks silently. Fueled by hate, fear and forced self-denial, black kill black! Brown kill brown! L.A. style! They breed the killer! Born in the middle of ghetto-like battlefield, denied human rights and the wounds won't heal. Our mothers shout a suffocating painful cry as they watch more generations of black and brown die. Dignity defined by sacrificial death, to die for the blood is all I have left. The system at hand must see one thing clearer: the city of L.A.'s the black and brown killers! Blood to the concrete, systematic terror! Historical facts will prove the system guilty; hypocrisy existed when there should have been equality. Mental enslavement to loss of self-confidence, self defence ends in death of intelligence. Drown in abyss of insufficient education; prosperity cannot exist through moderation. Forced on the culture, death in the bloodline, father to son the mind will be confined! 818, yes they breed the killer! 213, yes they breed the killer! 310 yes, they breed the killer! The system at hand must see one thing clearer: the city of L.A. is breeding black and brown killers!
