

DQ, We had no Idea

Stars should not be seen alone
That's why there are so many
Were two parts of a wishing bone
Oh baby
Take my hand let's search the sky
Watch how time flies
We had no idea
The day was near
Now it's time for us to stay
While our thoughts and spirits fly away
All is very clear
When you are here
My Novembers turn to May
And I'm o.k.
I wish the waters could tell you
All my secrets
All my moneys in the wishing well
Oh baby
Let the sun caress your skin
Leave the shadows of the way things might have been
Cause we had no idea
The day was near
Now it's time for us to stay
While our thoughts and spirits fly away
All is very clear
When you are here
My Novembers turn to May
And I'm o.k.
Everything I wanted
It was all in you
We've got something borrowed, something blue
So baby say I do
Chorus
We fly away
And I'm o.k.
