

Dr. Evil, Just The Two Of Us

Just The Two of Us
(Dr. Evil & Mini Me)

This is a very sensitive Subject

From the moment I Heard Frow say I had a clone,
I knew that I'd b safe cuz I'd never b alone,
an Evil doctor shouldn't speak a lot about his feelings,
my hurt n my pain don't make me too appealing,
I'd hope Scott would look up to me,
run the business of the family,
head an evil empire just like his dear old dad,
give him my love and the things I never had,
Scott would think I was a cool guy,
return the love I have maybe want to cry,
be evil but how bout feelings too,
change my life with Oprah and Mya Angelu,
but Scott rejected me, c'est la vie,
life is cruel treat you unfairly,
even so, a god there must be,
Mini Me You Complete Me!
