

Dr. Feelgood, Down At The Doctors

(Mickey Jupp)

Leave a late show
Still feel alive
Want a place to go
Round about five

Down to the doctors
Down to the doctors
Come on down to the doctors
Make you feel good all night

Everybody needs a shot of R'n'B
So come on down to my surgery

Down to the doctors
Down to the doctors
Come on down to the doctors
Make you feel good all night

Eight bars on piano

Down to the doctors
Down to the doctors
Come on down to the doctors
Make you feel good all night

Come here baby
Ain't gonna do you no harm
I just want to shoot
Some rock'n'roll in your arm

Down to the doctors
Down to the doctors
Come on down to the doctors
Make you feel good all night
