In the beginning there was adam and eve
Everything was cool until she found that apple tree

Don't you know it ain't right
Don't you know it ain't right
Don't you know it ain't right
Don't you know it ain't right
Well you know it ain't right baby
Even made a fool of me
It ain't right
Hmmhmmmm...
It ain't right

Delilah was a beauty, samson was a man
When he fell asleep she had those scissors in her hand

Don't you know it ain't right
Don't you know it ain't right
Don't you know it ain't right
Don't you know it ain't right
Well you know it ain't right baby
Even made a fool of me
It ain't right

Oh yeah
It ain't right

- guitar and harmonica solo -

You can take all my money even laugh at me
Don't you try it baby you'll go down in history

Don't you know it ain't right
Don't you know it ain't right
Don't you know it ain't right
Don't you know it ain't right
Well you know it ain't right baby
Even made a fool of me
It ain't right
Oh yeah
It ain't right

Well you know it ain't right baby
Even made a fool of me
It ain't right
Oh yeah
It ain't right
Ahhaah...
It ain't right
It ain't right
