

Dr. Feelgood, Pretty Face

(Daneski/Worman/Boyle/Sandall)

Oh pretty baby you just can't talk
Oh pretty baby you just can't walk
All you've got is a pretty face
All you've got is a pretty face

I've been told you'll never graduate
Left your chances a little bit late
All you've got is a pretty face
All you've got is a pretty face

When your big brown eyes started looking at me
Your cute little smile is coming through to me
Yes pretty baby now I can see
I found a lover

Oh pretty baby you just can't talk
Oh pretty baby you just can't walk
All you've got is a pretty face
All you've got is a pretty face

- Guitar Solo -

I've been told you'll never graduate
Left your chances a little bit late
All you've got is a pretty face
All you've got is a pretty face

When your big brown eyes started looking at me
And your cute little smile is coming through to me
Yes pretty baby now I can see
I found a lover
