

Dr. Feelgood, So Long

I'm not the man you're looking for
Honey, let go of my hand and show me the door

So long, you got me wrong
You ain't got me going, baby
You got me gone

Somewhere there's a fellow that's waiting for you
Somewhere there's a man with nothing better to do

So long, you got me wrong
You ain't got me going, baby
You got me gone

There's a man for the money
There's a man for the show
Listen to what I tell you, honey
I'm a man for the road

I'm not the man you're looking for
Honey, let go of my hand and show me the door

So long, you got me wrong
You ain't got me going, baby
You got me gone

There's a man for the money
There's a man for the show
Listen to what I tell you, honey
I'm a man for the road

Gone, gone, gone
Gone, gone, gone
Gone, gone, gone
Gone, gone, gone
'cause you ain't got me going, honey
You got me gone

Gone, gone, gone...
