

Dr. Feelgood, Tanqueray

Listen to me baby - hear what I got to say
Listen to me baby - hear what I got to say
I'm going round the corner
To have a drink of Tanqueray

Come on baby - and do like I say
Come on baby - and do like I say
We're going round the corner
And have a drink of Tanqueray

Long time coming - but I knew I'd see a day
It was a long time coming - but I knew I'd see a day
When you and I could sit down
And have a drink of Tanqueray

Was a long time coming - but I knew I'd see a day
It was a long time coming - but I knew I'd see a day
When you and I could sit down
And have a drink of Tanqueray
