## Dr. Feelgood, Tell Me No Lies

I've been keepin' my ears to the ground I've been hearin' rumours going round Don't give me that dirty double talk My advice to you is take a walk

Tell me can't you see That you ain't foolin' me So tell me no lies Don't tell me no lies

I've been keepin' my eyes open wide You've been lyin' truth won't be denied I can't stand you cheatin' me this way I don't believe one single word you say

Tell me can't you see That you ain't foolin' me So tell me no lies Don't tell me no lies

I've been watchin' every way you go I've got information don't you know I have to say it ain't no big surprise You've been messin' 'round but I got wise

Tell me can't you see That you ain't foolin' me So tell me no lies Don't tell me no lies

Tell me can't you see That you ain't foolin' me So tell me no lies Don't tell me no lies So tell me no lies Don't tell me no lies
