

Dr. Feelgood, Wolfman Calling

Wolfman calling, and he's calling out my name
Wolfman calling, and he's calling out my name
Keep on hiding, but I know he'll get me just the same

Lighting striking, burn me once and burn me twice
Lighting striking, burn me once and burn me twice
Long time coming, I'm as calm as damn ice

Strom is breaking, waters mud is deep and fast
Strom is breaking, waters mud is deep and fast
Come to take you
You won't be the first
Won't be the last

Wolfman calling, and he's calling out my name
Wolfman calling, and he's calling out my name
Keep on hiding, I know he'll get you just the same
