

# Dr. Hook, Baby Makes Her Blue Jeans Talk

(D. Locorriere/S. Weedman/R. Haffkine)

Night falls on the city, baby feels the beat  
Slick and sexy angel of the street  
The queen of all the night birds watch her when she walks  
She don't say nothing but, baby makes her blue jeans talk  
Baby makes her blue jeans, yes she makes her blue jeans talk  
Baby makes her blue jeans, yes she makes her blue jeans talk  
You know what she's thinking about and it turns you inside out  
She don't say nothing but, baby makes her blue jeans talk  
Night time in the city, magic in the air  
The action starts at midnight, she'll be there  
The queen of all the night birds, a player in the dark  
She don't say nothing but, baby makes her blue jeans talk  
Baby makes her blue jeans, yes she makes her blue jeans talk  
Baby makes her blue jeans, yes she makes her blue jeans talk  
You know what she's thinking about and it turns you inside out  
She don't say nothing but, baby makes her blue jeans talk  
Baby makes her blue jeans, yes she makes her blue jeans talk  
Baby makes her blue jeans, yes she makes her blue jeans talk  
You know what she's thinking about and it turns you inside out  
She don't say nothing but, baby makes her blue jeans talk  
She don't say nothing but, baby makes her blue jeans talk  
She won't say nothing  
She don't say nothing .....
