

# Dr. Hook, Kiss It Away

(Shel Silverstein)

There's a shadow on the sun I see it risin'  
Kiss it away, kiss it away  
And there's a hurt down deep inside that I been hidin'  
Kiss it away, kiss it away  
Now the hard times we been through  
Oh babe we'd never mind them  
We'd just kiss 'em away, we'd just kiss 'em away  
And now I'm lookin' for the good times I can't find them  
Must have kissed them away, guess we kissed them away

I keep thinkin' the sun will shine once more  
I'm never ready for the sudden rain  
Don't tell me I'm wrong, 'cause I've been told  
I'm so wet and cold  
Come kiss away my pain

You keep hopin' things'll change and I keep tryin'  
One of these days, maybe one of these days  
But there's a coldness in the air like somethin' dyin'  
Kiss it away, kiss it away
