

# Dr. Hook, The Ugliest Man In Town

Now handsome guys get girls that are pretty  
Other guys get 'em 'cos they're clever and witty  
But the only love I ever get, I get out of pity  
'Cos I'm the ugliest man in town

I drive down the road in a Rolls Royce car  
Use hundred dollar bills when I light my cigar  
But still you know, that won't get you very far  
When you're the ugliest man in town

There was a note on the doorstep where I was found  
It said this sweet child weighs eleven pounds  
So bring him up healthy and wealthy and stout  
Keep his back to the light, don't let it turn around

Yeah all you women you're heartless and cold  
All you want is my silver and gold  
And don't you know that there's a beautiful soul  
Inside the ugliest man in town

(Boy do I got plans for us)

Yeah I'm so ugly I shave in the dark  
Kids start to cry when I walk through the park  
Clocks stop ticking and dogs start to bark  
Whenever I come around

Yeah I walk down the street and the girls all hiss me  
If I die tomorrow not one of them would miss me  
Only reason they ball me is they can't stand to kiss me  
I'm the ugliest man in town

Yeah I'm the ugliest man in town

(You know a guy as ugly as you man could use a manager.  
You know what I mean? Just sign this small piece of paper  
here man. You can give me a couple of bucks a week, a couple  
of free meals man. I'll take you all over the world. We'll  
go to Japan baby, they'll love you over there baby.  
They'll make another monster movie with you hahahaha)
