

# Dr. Hook, Years From Now On

(R. Cook/C. Cochran)

Years from now, I'll want you years from now  
And I'll hold you years from now, as I love you tonight

You are my one true friend, always my one true friend  
And I'll love you 'til life's end, as I love you tonight

I know this world that we live in can be hard now and then  
And it will be again, many times we've been down  
But still love has kept us together, the flame never dies  
When I look in your eyes, the future I see

Wanting you years from now, and holding you years from now  
And loving you years from now, as I love you tonight

I know this world that we live in can be hard now and then  
And it will be again, many times we've been down  
Still love has kept us together, the flame never dies  
When I look in your eyes, the future I see

Wanting you years from now, and holding you years from now  
And loving you years from now, as I love you tonight
