

# Dr. Sin, Danger

Wake up  
We've gotta get out  
There's no time left  
There's nothing left  
Here for me

In my mind  
you won't find  
No answers  
The nightmares  
Has just begun

Oh Oh  
I've got a feeling  
Something is coming  
And I know  
It's coming for my soul  
Oh yeah

Oh Oh  
I feel the danger  
All around me  
And my heart  
Is beating  
Out of control

Darkness is on me  
It's out there  
Waiting for you  
And for me  
Someone help me  
I just can't find  
I can't find a safe  
Place to hide
