

# Dr. Sin, Down In The Trenches

In my life I took so many chances  
I always said I wasn't scared to die  
Now I'm here, down in the trenches  
Looking death between the eyes

Good times and not so good  
I had it all - And I remember like it was today  
Now I will have  
to leave it all behind

Oh Lord! Tell me what to do  
God have mercy on me

Oh Lord! Show me the way  
Give me a chance to carry on

Green grass, springtime, I had a dog once  
My mother's eyes, I broke my leg - Saw the world  
I made love - Joined the army, I got shot

Hard times and struggle and arguments  
Who won? It doesn't really matter now -  
Now there's no one who can help me out

Oh Lord! Tell me what to do  
God have mercy on me

Oh Lord! Show mw the way  
Give me the chance to carry on

Down in the trenches
