

Dr. Sin, Pain

Biding my time, in the
Still of the night
I'm wondering why
Oh why I'm wasting my time ?
I'm feeling so bad,
Thinkin'of what we had
I never really knew
That I was losing you

Now I have no reason,
No reason to smile
I look in the mirror
I can't find myself

Something is not right
I've been losing my mind
I've stucking inside the pain
Up all night feel the
Pressure of life
I don't think you'll understand
I turn my head see an empty bed,
Oh, I wish that you were here
Everything has changed so much
Since she left me alone,
Now i'm on my onw

Day after day,
I try to find a way
Prayin'for the rain
To wash away the pain
So many times, how
I've looked to the sky
I couldn't see the lights
Oh, Why was I so blind
