Straight pimpin, wasnt used to that wife thang
But I ain't gonna hit you wit I shoulda dis this I shoulda did that

[Hook- Aja Smith]

Boy you had me, but don't be mad at me
Blue caddy, look daddy so happy look at me

I know ya see me, out in the streets

[Verse Two: Eve]

Yeah it was crazy, how I used to be a baby
Went from your shorty to your lady
Making plans for a long life, huh
Reminiscing on them long nights, ha
Giggle when I think back, yo
You remember how we used to act, uh
The best of friends had each other's back
If you was riding so was I where the fuck they at
We started growing, shit started changing
But we was with it for a minute, we just being patient, ha
You wanted space so I let you go
But we still fucked around and let nobody know
We tried to get it back it just wasn't working
The more I stuck by the more it kept hurting
Had to face it, we just different now
You living you, I'm living me, that's how the shit go down
Damn, my love I miss you now

[Hook- Aja Smith]

Boy you had me, but don't be mad at me
Blue caddy, look daddy so happy look at me
Boy you had me, but don't be mad at me
I know ya see me, out in the streets
Don't speak
Boy you had me, but don't be mad at me
Blue caddy, look daddy so happy look at me
Boy you had me, but don't be mad at me

Wit my same old gangstas
Countin that same old paper
My jersey is lakers, yellow and purple
I still smoke up green, yellow and purple
I probly do my dirt, but never will hurt you
I seen you work hard, ?? to the commercialls
Uh, now if I don't catch ya tonight
I'll catch ya when the time is right, aight
