&lt;/lyrics&gt;

Grass and trees become green, flowers colorfully bloom.

Seasons come by again. A comfortable spring day,

With out anything to do I think by myself  
in the tree lined street.

The days go by without any break.

I am struggling to manage myself here.

Sometimes, let's live a life

Without thinking so deeply.

Morning comes, the sun rises again.

Outside the window the south wind

blows the pain in my heart.

Shall the tears I shed in the past days

be pulled into my unconsciousness.  
what is important is the light,  
I'd like to stay here a bit more.

WE GO EVERY DAY, let's go with laughter  
To the direction of the shining light  
heading into the open future ahead.  
WE GO EVERY DAY, let's go with laughter  
Like pouring water into a vase  
my wishes please be granted.

SO The face and the tears  
washed by an off season rain  
before the rain stops,  
GERRA I smile with a clean face.  
Like that, goes away ONE WEEK.  
With my tired body I take ONE DRINK  
At the meeting place my friends are all there.  
like every day we spend the night chatting nonsense  
to continue on with these days  
I flap my wings like a bird.  
Everyone is doing their best. Don't lose; we don't have a pinch runner.  
Going over the people laughing at you,  
catch the dream you imagined into your hands.  
Wish to the shooting star after the rain.  
Now stand up my friend.

WE GO EVERY DAY, let's go with laughter  
To the direction of the shining light  
heading into the open future ahead.  
WE GO EVERY DAY, let's go with laughter  
Like pouring water into a vase  
my wishes please be granted.

Without no reason I set off my mobile.  
In the far back of the noise  
can't you hear the voice of the wind  
drifting away now where and why.  
Obvious though, I listen on.  
Like putting your own future over it.  
Wanting something to be said about my self, is the same feeling.  
My life goes away bit by bit.  
Now I possess multiple copies of my childhood dreams.  
I make a stupid face  
as I brush my teeth in front of the mirror in the morning.  
Going outside. I live a day like this.  
I'll stop waiting for the night.  
Resting isn't bad, charge up your energy.  
quietly the city ticks away time.  
Connecting our dreams, we make an arch.

The stair steps of a quiet day  
The stair steps of a quiet day  
The stair steps of a quiet day  
The stair steps of a quiet day  
The stair steps of a quiet day  
The stair steps of a quiet day

Under the sky without the breeze,  
I reach out to catch tomorrow.

The stair steps of a quiet day  
The stair steps of a quiet day
