

Dragon, Rain

It's a happening thing and it's happening to you
Full moon and thunder ribbons of blue
Ice on the window ice in my heart
Fooling with thunder every time we start

It's been raining for so long
It's been raining for so long

Oh is it any wonder streets are dark
Is it any wonder we fall apart
Day after day strange rain falls down
All over town rains coming

It's been raining for so long
It's been raining for so long

Don't you go out in the rain
Don't go out in pouring rain
If you go out in the rain
We'll never have that time again

Is it any wonder streets are dark
Is it any wonder we fall apart

All these feelings that seem so wrong
Remember we were so strong
Well it's been raining for so long
It's been raining I can't go on

Don't you go out in the rain
Don't go out in pouring rain
If you go out in the rain
We'll never have that time again
