

Dragonforce, The Last Journey Begins

Strangers to reason our bleeding hearts so cold,
Life brings a change in season, fear will blind us all.

In the silence one moment alone
Cast away scattered far on the wasteland.

Save his soul from the forgotten sickness and take this life,
Challenge the dream before the long departing, a mindless rhyme.

Woah! Hear the burning thunder roll. Woah!
Woah! Still lost in a fire-storm.
Tonight we feel the past return!

Lost inside the dream pass by the life we'll live forever,
Still the wasted time left burning below.
One thousand shattered voices lost inside an endless wonder,
Tonight her voice will take me home.

Shine glorious we run
We stare into the blackened sky!
Save the last command, the virtue blinding!
So far beyond the Sun,
Still blinded with the fire inside,
Once alone again, the silence stands for our last journey home!

Paralyzed, intensified, mutation, frustration,
Everlasting lifetime in the Underworld.
We'll travel endlessly, diluted, disjointed,
One man can't understand this sad misery.

Woah! Woah! Woah!

They've taken my heart, they've taken my soul, and now we stand alone in sanity.

In time we'll see the past unwind
Alive, still wandering our fallen land
One more time, we stare into the blackened sky
For tonight, in our hearts now we feel,
One last time, see our destiny revealed!

Shine glorious we run
We stare into the blackened sky!
Save the last command, the virtue blinding!
So far beyond the Sun,
Still blinded with the fire inside,
Once alone again, the silence stands...

Shine glorious, tonight!
Still blinded by the blackened sun!
Save the last command, forever rising!
So far beyond, they come, still blinded with the fire inside,
Once alone again, the silence stands for our last journey home!

Silence stands for our last journey home!
