

# Dragonhammer, You Kill

Time goes by through my hand  
Nothing of you remains  
Cage and bars  
Cage and bars between us

Differences you will not bend  
I can't understand  
Your darkest potency  
I believe in my dreams

Hammer of honour  
Crushes you  
In the name of humanity  
Anger takes me away from hypocrisy  
I believe in my dreams

You kill  
All my dreams  
You kill  
My soul screams  
You kill  
Agony
