Do you believe in powers extreme?
Bewildering majesty
Can you perceive a vision supreme?
Eruption serene

Grim destiny
Infinity
Radiant intensity
Ethereal sphere
Future severe
Benevolent fear

Deadly calamity
A final demise in godly disguise

Detonate the sun
And soar into the supernova
Now it has begun
A solar mass undone

Head to its fortune bestowed
Marvel and let it explode
To the inferno we go

Detonate the sun
And soar into the supernova!
Now it has begun
A solar mass undone
