

# Dragpipe, Crush

(The following is pure fiction: Actually, I have been handsome and popular all my life.)

Some gossip's never true  
I've watched it follow you  
I really hope you aren't  
A curse that stands apart

Inside there's all that shit  
I'd really like to hear  
Nevermind, I won't get through  
There's nothing I can do  
Leave it alone, leave it alone

asdfasdf  
No one is gonna go:  
"I don't like, I don't like, like how you say it"  
Tell everyone I've been wrong

asdfasdfs  
I like the way I say  
blasdf I'll be back asdfd  
But now I've got to asdfasdf

asdfasdf  
I've seen you sdfasdf  
asdfasf  
asfasdf

I'll be fine, I'll be fine

I really like your ways  
asfasf  
Get it on tomorrow's coming  
There'll be better days, there'll be better days

I like the way you flew  
So far inside of you  
No matter what I see  
There'll be more for me and asfasdf

asdfasdf  
I think that I been wrong  
But right now you don't know me  
But there'll be better days  
There'll be better days

I really like your ways  
Sometimes I think I say  
Outside the one that's asfasdf  
There'll be better days  
And there'll be more to come

asdfasdf  
asdfasdf  
asdfasdf  
asdfasdf  
I'll be fine, I'll be fine

There'll be better days  
There'll be better days(x9)
