

Drake Bell, Get A Grip

It was 2 am on a two way street
in the middle of manhattan
Ive been walkin around since the sun went down
just waitin for something to happen..
& I wish I could
Make the world move a little faster
Im not sure how much longer I can last here

Chorus:
I Know its me whos got to change the moment
Life goes on
I guess I think ive always known it
It might not be tonight, tomorrow, or the next day
But everything is gonna be okay...

I remember a time
Im thinkin its all fine
the cup was overflowing
didnt occur to me that eventually
you would need me if I didnt want it
Ive been searching for something I finally care about
its not working im still alone & standing here

[chorus]

gotta get a grip
gotta deal w/ it
gotta find some way to live without you
forget the past
and get a grasp
cuz my lifes not about you anymore

[chorus]x2

some of the lyrics might not be right cuz it was hard to hear over all the screaming and stuff
