Drake Bell, It's Only Time

Where did you go when I arrived What was that look, saw in your eyes nothing is what it appears I'm a bit more refined in my recent years

She said I wasn't even here She said I wasn't even She said I wasn't even here She said I wasn't

It's only time until you find out it's only time until you find out it's only time until you find out it's only time until you find out

do you believe in things that you hear maybe you're wrong it isn't clear Another excuse for me to ignore it's not quite as simple as it was before

She said I wasn't even here She said I wasn't even She said I wasn't even here She said I wasn't

It's only time until you find out it's only time until you find out it's only time until you find out it's only time until you find out

I'm giving in it's coming out you gave it away I'm thinking about Not taking it you're faking it you're such a sad girl sad girl were did you leave why did you go what were you thinking I'd like to know If walking away is all it's about Then why did it take so long to figure out

She said I wasn't even here She said I wasn't even She said I wasn't even here She said I wasn't

It's only time until you find out it's only time until you find out it's only time until you find out it's only time it's only time it's only time it's only time it's only
