

Drakkar, Wings of Fire

Standing here, in the dark of my room
Once again, I am thinking of you
I will miss all the jokes and the smiles
Are you now in a place that you like?

Strugglin' you did spend all your life
Now is time to rest, all pain has died
You have gone away from us, heading for a better life
Beyond this crazy time

[chorus]
Farewell my friend, this is my goodbye
Fly away tonight on a pair of wings of fire
We will meet again, on the other side

In the heart are the words I can't find
Hail to you, this is all I can say
I don't know if you can hear my song
Watch me please from the heaven above

Reach the second star, the second to the right
Straight ahead you sail, 'till the morning light
Far beyond this world you go, heading for a better life
Where all is good and quiet

[chorus]
