

# Dreadful Shadows, Buried Again

I can't drive my thoughts away

☐The depths of heaven haunt me

☐And I see no excuse for my mistakes

☐I'll never see the sun again

☐The clouds will darken everything inside

☐No way to get me out of this or to return

☐The wind will blow my face away

☐No love will last, just endless calm

☐Tomorrow is the strangest word for me

☐Soon I'll be forgotten

☐I'm drifting weightlessly in time, all alone

☐I was suffocated by your kiss, I'm buried again
